

Current opening in Santa Barbara dental office!

Seeking a candidate with medical/dental assisting experience or an interest in entering the healthcare field.

At our Santa Barbara Dental Office we screen and treat patients with sleep disordered breathing conditions such as Obstructive Sleep Apnea, a potentially life threatening condition. As dental providers, we can help assess a patient's airway health and recommend preventative measures as a precursor treatment to sleep apnea. We work closely with physicians and the medical community to help these patients achieve better quality of life through a better night's sleep!

Qualifications:

- Interest in helping save lives
- Compassionate
- Attention to detail
- Teachable
- Excellent computer skills
- Good interpersonal skills
- Excellent verbal and writing ability
- Enthusiastic

Position available: Full time medical assistant with benefits

Job includes: dental assisting, screening patients for medical history, taking patient history, coordinate referrals, impressions for fitting appliance, correspondence with physicians, follow up with patients, correspondence with laboratories, educating patients, interpreting reports from physicians and more.

If this position sounds interesting to you, please email your resume to the office manager Lauren Banks at lauren@sbdentistry.net about the job opening available. Feel free to visit our website for additional information about our practice at <https://www.sbdentistry.net/sleep-well-dentistry>. If you have questions or want more info feel free to call our office at 805-682-1881 and ask for Melissa.
